Name	First Name	Thomas	Last Name	Müller
Country	Germany			
Affiliation	Department for Internal Medicine II, University Hospital Regensburg, Germany			
E-mail	thomas.mueller@ukr.de			

Educational Background

Professional Career

Prof. Dr. Thomas Müller is Consultant of Intensive Care Medicine and Pneumology at the University Hospital Regensburg (UKR), where he heads the Medical ICU since 2002. UKR is ELSO Centre of Excellence and one of Germany's most active ECMO centres with about 200 ECMO runs per year. He was one of the founding members of EuroELSO in 2011 and currently is Past Honorary Secretary of the Steering Committee of EuroELSO and member of ECMOnet. In 2015 he hosted the 4th International EuroELSO Congress in Regensburg. In 2018 he became an honorary member of the Hungarian Society of Cardiology, and in 2019 he was bestowed an honorary fellowship of the Extracorporeal Life Support Organization (FELSO). Since 2023, he is member of the Board of ELSO.

Research Field

His special professional interests include the treatment of severe acute lung failure and the management of patients post resuscitation. Since 1996 his department is engaged in the optimization of miniaturized ECMO devices in use for severe ARDS, circulatory failure and CO₂ removal. A focus of research is set on a better understanding of complications of ECLS.
